APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of a portion of the waters of the Truckee River as heretofore granted under Claim #605, Truckee River Final Decree is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

No more water can be diverted to irrigation than otherwise would be available from the Truckee River at the Pioneer Ditch diversion.

A suitable measuring device shall be installed on the irrigation delivery line and monthly reports shall be submitted to the Federal Water Master and the State Engineer detailing the amount of water diverted.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on August 19, 1992, at which time all rights herein granted shall revert to the right being changed by this temporary permit.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 4.5 cubic feet per second, but not to exceed 348 acre-feet as decreed.

Work must be prosecuted with reasonable diligence and be completed on or before

Proof of completion of work shall be filed before

Application of water to beneficial use shall be made on or before

Proof of the application of water to beneficial use shall be filed on or before

Map in support of proof of beneficial use shall be filed on or before

Completion of work filed

Proof of beneficial use filed

Cultural map filed
